

California's Leading Stem Cell  
Clinical Trials Network

PATIENT

**RONNIE KASHYAP**

Diagnosed with Severe Combined  
Immunodeficiency Disease (SCID)

*“Without CIRM and the  
researchers and doctors at  
UCSF and St. Jude Children’s  
Research Hospital,  
we might not be here with  
Ronnie today.”*

Transforming  
lives through  
patient-centered  
stem cell  
treatments

The CIRM Alpha Stem Cell Clinics specialize in delivering high-quality stem cell treatments to patients. This one of a kind Network ensures quality through partnerships between CIRM and California’s leading medical centers. Together we provide patients interested in stem cell treatments, access to state-of-the-art clinical trials that are:

- Developed by leading medical teams from around the world
- Authorized by the FDA and research ethics committees
- Conducted by expert doctors and nurses trained to meet the highest standards for medical care

Highest Standards for Medicine | Transforming Lives

California's Stem Cell Agency | Lake Merritt Plaza, 1999 Harrison St, Oakland, CA 94612

Our dedicated, patient-centered teams, support excellence in patient care by:

- Educating you about clinical trials that may be right for your condition
- Navigating you through the clinical trial process
- Providing ongoing support and follow up

**CIRM MISSION:** *Accelerate stem cell treatments to patients with unmet medical needs*

## Alpha Clinics are Located at Top Medical Centers

**CIRM ALPHA CLINICS**  
*Delivering Patient Treatments*

Stem cell trials conducted at Alpha Clinics have been reviewed and authorized by the FDA and are approved and monitored by the clinics' research ethics committee.

## Over 50 Clinical Trials and Growing
